

**TM Update 2022-003**  
**June 9, 2022**

The following Tech Update was approved by the Board of Trustees and is effective immediately.

Section TM-706, (Archived at [worldkarting.com](http://worldkarting.com))

**706 BRIGGS & STRATTON ANIMAL MODIFIED ENGINE**

**706.7 VALVE COVER**

Stock valve cover as from factory, that includes the breather hole for the tube that runs to the catch can (no threading of hole allowed). The breather by-pass kit part # 555687 or # 555688 may be used. If by-pass kit is used a 0.625" hole must be drilled in the opposite side of the valve cover from the existing breather hole.

**706.7.1**

Breather by-pass kit part # 555687 or # 555688 may be used. If by-pass kit is used a 0.625" hole must be drilled in the opposite side of the valve cover from the existing breather hole.

**UPDATE:** Substitution part CPG-0716, (from CPG Motorsports), is permissible to replace Briggs part #555687 and #555688.
